BE COUNTED!

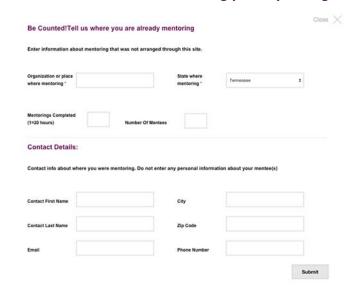

MWM Be Counted! Campaign

Currently, the amount of mentoring that is going on in the nation is unknown. We especially do not know how many women and girls are being mentored in STEM specifically. The **MWM Be Counted! Campaign** encourages individuals/organizations/ corporations to record the work they are already doing to mentor girls and women in STEM. The MWM website has been updated to include a new way to record this mentoring which is faster and easier than it has been before. Below is your quick guide to getting the mentoring registered:

1. Click on Be Counted! on the MWM Homepage: MillionWomenMentors.org

- 2. Sign In or Sign up
 - a. If you already have an account, login.
 - b. If required to sign up, complete your profile.
- 3. Enter the details of the mentoring you or your organization has completed.

Thank You for Supporting STEM Mentoring!
